

# VOLÉE

Odo Fioravanti, 2016

Volée is a Led luminaire of the latest generation, in which the formal research is combined with technological innovation. Featured by an essential design, Volée switches on with an almost tennis-style gesture: a simple wave of the hand under the head of this lamp activates an electronic device that switches the light on or off without any contact. A touch sensor over the head allows the flow of light to be regulated to four different levels of intensity (40%, 60%, 100%, 0%). A Time Out system automatically switches the lamp off after it has been on for 5 hours. The lamps consists of a head and of structural rods in extruded aluminum and joints in die-cast aluminum. The tension for the hidden-spring balancing mechanisms is provided by steel wires that allow to orientate the light emission with a fluid movement. Available in four different finishes with matt paint in white, anthracite grey and fluorescent yellow, Volée is suitable for every kind of environment, both modern and traditional.

## TECHNICAL SHEET

Table, floor and wall lamp with direct light emission and adjustable head. Body in extruded aluminium, head in die cast aluminium, joints in die-cast aluminum and mechanical wires in steel. Provided with base for table, clamp and wall mounting to be combined with the body, available anthracite grey, white and fluorescent yellow. A simple wave of the hand under the head of the lamp activates an electronic device that switches the light on or off without any contact (touchless). A touch sensor over the head allows the flow of light to be regulated to four different levels of intensity (0%, 40%, 60%, 100%). A Time Out system automatically switches the lamp off after it has been on for 5 hours. Once the lamp is switched off, it keeps the last light intensity used. The lamp is supplied with multiple plug. Black power cable, ballast on cable and plug.

**MODEL NAME:** Volée

**CODE:** 4350..

**DIMENSIONS:** 110,4 x 59,5 cm + base Ø 25 cm

### COLORS

- Anthracite Grey - RAL Code: RAL 7024 Matt
- Fluorescent Yellow
- White - RAL Code: RAL 9016 Matt

**BULB:** LED 7,5W (2700K, CRI>90, 800Lm)

**DIMMER:** Touch dimmer
