

LA LOLLO APPLIQUE

DESIGN BY LORENZA BOZZOLI

January 2019

La Lollo is a tribute to the roaring 50's; the wall lamp is available in 5 finishes, with sophisticated gradient chromatics, metallization, lace patterns and geometric designs that adorn varying spaces with the same versatility as jewelry on a woman's body.

Slamp's unique, exclusive technopolymers shine like glass, but are unbreakable, and the wall lamp has two light sources (resulting either cool or warm, depending on the bulb you purchase). A single lamp is ample enough for domestic illumination, and when multiplied, perfect for larger hospitality projects.

La Lollo Applique is part of a collection that includes suspensions of various sizes.
